Sujal Shrestha

Student at Islington College Kathmandu
Kathmandu, Bāgmatī, Nepal

Summary

As an enthusiastic IT student with a basic foundation in Object-Oriented Programming (OOP), I am well-versed in a variety of programming languages and technologies including Java, Python, SQL, HTML, JavaScript, and CSS. My academic journey has equipped me with the skills to tackle complex problems and develop efficient, innovative solutions.

Skills:
While I may not have real-world industry experience yet, I have successfully applied my knowledge to several college projects. These projects have allowed me to implement and refine my technical skills, providing hands-on experience in software development and problem-solving.

- Dynamic web project: I built an e-commerce website using Html, css and js in frontend and java, SQI in backend.
- Java: I have develop Banking java application and some of the feature of it.
- python: I develop an application for online mobile store selling electronics and for each transaction generate invoice.
- Html, CSS, JS: A good looking e-commerce website for bonsia store.
- OOP: I have good handshaking with OOP language and its layers.

I am seeking opportunities to apply my knowledge in real-world settings and contribute to projects that make a meaningful impact. I am particularly interested in roles that offer challenges and growth, allowing me to leverage my technical skills while expanding my professional horizons.
